✎ Professional Summary

I am Ankit Kumar Sharma. I am currently Btech in Computer Science
and Engineering(II sem just completed) at Amrita School of
Engineering, Amritapuri . I don't have so much achievement yet.
My some achievement are
I have got Amrita's chancellor scholarship where i do not have to pay
tution fees of the university.
I have been rated 1 star at codechef (just started). and while i was in
2nd semester
I was selected as a contributor at Girl Script Summer of Code.

💼 Employment history

Contributor, GirlScript Summer of Code.
Mar. 2022 – Jun. 2022

In the first year of college, i had applied for Girl Script Summer of
Code which was organized by Girl Script Summer of Code foundation.
I got selected as a Contributor. At that time i did not know anything ,
so i wanted to explore some tech fields like web development, flutter,
etc.
As, i got opportunity to learn with mentors, so i just learn basics of git/
git hub, know about flutter, dart and figma . Since, i was in first year of
college and i didn't have any intial knowledge , i was unable to manage
time to contribute here along with college classes and assignments.
